

--- 1/8th Pound - “Series of 1915” - 250 x 15 mm. - scanned at 67% scale ---

--- RT-229 - the 3 mm. red Roman overprint **CANADA TWIST** on the 1/8th pound RP-771 ---

Probably around 1923 **RP-771** was overprinted **CANADA TWIST** twice with 3 mm. Roman letters. The catalogue lists this overprint, using *violet* control numbering, as **RT-229**.

The catalogue should list this overprint as follows: (I have added **RT-230**)

RT-229 - CANADA TWIST overprinted on **RP-771** (1/8th pound “Series of 1915” strip) - with 4½ mm *violet controls*

RT-230 - CANADA TWIST overprinted on **RP-771** (1/8th pound “Series of 1915” strip) - with 4½ mm *blue controls*

RT-229 - 1/8th pound, *coarse roulette*, control **0051989**, RP-771 stamped **CANADA TWIST** in 3 mm. Roman, Roller cancelled **TOBACCO / 40-17** by “J. Bachand”, Montreal

RT-230 SP - 1/8th pound, *coarse roulette*, control **0104069**, RP-771 stamped **CANADA TWIST** in 3 mm. Roman, Stamped *Sample* in cancellation panel

0051989 ★ RT-229 1/8th pound, *coarse roulette*, RP-771 stamped **CANADA TWIST** twice

0104069 ★ 1923 RT-230 SP 1/8th pound, *coarse roulette*, RP-771 stamped **CANADA TWIST** twice, stamped *Sample* in the cancellation panel

The copy stamped *Sample* probably dates from the time of the formation of the “Canadian Bank Note Company” in 1923. The earlier “SP” with the **0000000** controls likely comes from the Series introduction in 1915.
